2,000 calories a day is used for general nutrition advice, but calorie needs vary.

## WHAT ARE PANCAKES?

Pancakes are the very old beginnings of bread & pastry. Generally a pancake is any kind of batter fried or baked in a skillet, on a griddle, or on any hot surface. People of all nationalities have made pancakes from time immemorial. Today pancakes are enjoyed for breakfast, lunch, dinner, and even for dessert.

The Original Pancake House was founded in 1953 by Les Hight & Erma Hueneker. Drawing upon their many years experience in the culinary field & their comprehensive working knowledge of authentic national & ethnic pancake recipes, they were able to create & offer without compromise unique & original recipes which have gained national acclaim & remains unchanged to this day.

These recipes demand only the very finest of ingredients such as 93 score butter, pure whipping cream, fresh Grade AA eggs, hardwheat unbleached flour, & our sourdough yeast. Old-fashioned sourdough yeast, just like your great-grandmother used to use, is used in many of our batters. It is grown in our kitchen from a culture of potatoes, flour, sugar, & activated by a "start of yeast." This sourdough yeast produces light, airy, fine-textured pancakes. We blend, roast, & grind Original Pancake House Coffee to our exacting specifications further enhance your meal.

## TO OUR CUSTOMERS

It is our constant objective to serve you the finest pancakes available anywhere & to give you pleasant, courteous & unobtrusive service. Thank you for coming to The Original Pancake House. We hope you will come back often. Original Pancake House franchises are now in operation coast to coast – imitators everywhere – look for the Hight & Hueneker Registered Trademark.
